There are multiple ways that These presets may be utilized and it's down to you to determine just how far you wish to take them. Each preset has been created so You could click it and with this Single click change your picture into something brand new. However, since I am Certain that you Understand, light conditions vary wherever you go so, the majority of the time You'll need to correct the 'Fundamental' Tool module inside Lightroom to reach the last look you're awaiting.

Simple adjustments Employing Exposure and Contrast can Do the trick, but also employing Highlights, Shadows, Whites, and Blacks in the same Module provide more flexibility to assist correct each preset to match the Lighting in every one of your photographs.

These Presets are created to operate with Lightroom Desktop (Mac & Windows).
