Traktrain is proud to release Traktrain is proud to present the "Fast Money" Trap Sample Pack featuring 343 high-quality samples produced by an associate producer. The pack includes loops and one-shots of various instruments, such as Drum, Bass, Synths, Vocal as well as Songstarters and Melody Stacks. This kit is great for making Japanese Trap beats. Additionally, the content will sound fantastic in the genres of Trap, Future Beats, contemporary Hip-Hop, and more.

"Fast Money. The "Fast Money" pack is one of the producer's kits which are similar to Swiss army knives. It comes with an extensive collection of sounds that can help jumpstart your beat-making. The main attraction of the package is its drum loops, which challenge your perception of reality. In other words, the creator has managed to make truly cool industrial drums that sound funky in the drum loops as well as fills. The melody loops contain the booming 808 lines as well as lyrics and synths as well as lyrical keys. Not to mention various sounds and samples of foley are great for giving your tracks a unique flavor.
