60 plus icons animation - AE Project VH-4946984: Introducing "60 Plus Icons Animation," a comprehensive package featuring over 60 animated icons across various categories. All animations are created in After Effects, with most icons featuring a seamless 30-second loopable animation. Each icon has expression controls, allowing for easy colour customization and black side effects adjustment with just one click.

This package is perfect for anyone looking to create interactive animations for presentations, infographics, typography, corporate projects, and more. The template includes a separate file containing the animated icons only, which can be easily integrated into your current project or used as a foundation for new projects based on these icons.
