- You can make your own overlays using 2 PSD sources

Make perfect photos for your customers and finish purchasing!

PLEASE NOTE

1. After downloading the archive "009-PRO.zip", you will be able to complete your download. After you have completed downloading the archive '009-PRO 52+ Butterflies Photograph Overlays.zip', it will be saved to your 'Downloads' folder.
2. Zip the archive to a folder. Don't be discouraged if you see folder images with a dark background. Screen Blend Mode allows you to hide the background and display only Photoshop objects.
3. Open Photoshop and open the image you want to apply. Follow one of these steps.
