Animation-y make Up brushes for the Procreate set by Alicjanai!

Contains:

Gloss brush is ideal for applying lipstick or eye highlights.

Glow pen, an alternative option to use for an object that glows in different shades.

Freckles base is used to create a realistic freckles skin texture that can be used separately or along with "Freckles" brush.

Freckles provide the skin with gorgeous freckles. It also creates the appearance itself, which is inspired by real freckles.

Matt Liner is perfect for the lips or eyeliner. Of course, it is also a great choice in a myriad of situations as well.

Matt Lipstick is a noise effect brush that works flawlessly as a matte lipstick. It can also be used for a glossy lipstick if you adding it with the "Gloss" brush on top.

Cartoon Effect Shadow/Light is handy for drawing cartoonish pieces and gives the cartoon sphere that comic character.

Eyeshadow is incredibly simple to use due to its opacity and pressure settings. This makes can make drawing it feel as if applying real makeup on.

Rough Hair Brush is added to this set in order to add more interesting features. This is because, unlike other hairbrushes that you've seen it creates the rough look that is perfect for the majority of curly hair.

Extra Smooth Edges Coloring can be an extremely pleasant brush to use as when it is the brush is pressed hard, it produces sharp edges. However, when it is lightly pressed it transforms into the shape of a blend brush.

Soft Hair Brush is a great option for hair that is not in good condition, coloring or even adding highlights.
