It is suitable for both amateurs and professionals. It is suitable for amateurs as well. Great results with color as well as black and white photographs. To make your life easier, there are additional actions that allow you to select and overlay overlays within the screen mode. This can be used in Photoshop as well as in Photoshop Elements. This Fire Burning Effect Overlays can be used with any graphics editor that supports overlays of layers within the Screen mode.

If you'd like to boost the brightness of your overlay for instance, for a light-colored photo alter Blend mode Linear Dodge (add)

It is compatible with Adobe Photoshop
