Glass Shapes CreativeMarket-5932145 (JPG, PSD): We Are Extremely Happy to Bring the exact common Glass Morphism Shapes Bundle to Creative Market. This package Has generated a remarkably common fad on platforms such as Instagram, Behance along Pinterest. The package includes 1 master Photoshop document using 20 individual contours For you started and maybe customized to have a smooth or weathered appearance -- and Obviously, we invite you to produce your own glass contours to stamp your personality On this particular item. This Item Is Quite easy to use which makes it thought to both Beginners and experienced Photoshop users.

It goes without mentioning This package produces a badly distinctive and fashionable watermark for your own work too. The times of destroying your job using a horrible watermark are officially finished.

- PSD: x1 prebuilt and completely operational Adobe Photoshop document
- Settlement: 5000x4000 pixels / 300 DPI
- Customizable: Changeable Wallpapers
- Simple to use: Well organized Layers using customizable Smart Objects
