Sweet Soul Studio – Rich Cool Greens Action: Get excellent greens by using this simple to use action

Make use of the slider for opacity to alter the strength as needed

Use a big, soft black brush with around 30% opacity, and then remove the subject. You can then reduce the size of your brush and continue masking off your subject until you have the desired shade.

You can cover some of the colors back on the subject by using an easy white low-opacity brush (around 30 percent)
