How to improve the beauty of images with contrast and light?

You can edit your pictures using "24 FASHION PORTRAIT PRESETS FOR LR".

Where can I download the product?

After subscription, You can download it for free from here.

This set includes:

- 24 Lightroom Presets in Irtemplate Format
- 24 DNG files that include these photos and presets. They are also included because I can save all my brushstrokes and share the entire process with you.
- JPG example showing the Before and After of each preset
- Everything is packed into a Zip archive

These presets can be used on RAW files but not JPG photos. Although you can still use them for JPG photos, these presets were originally designed for RAW format.

These photos have 'before' and 'after' names in the same way as presets or DNG files. This will make it easy to use, understand, and be comfortable with which preset was used for which photo and how it looks. Instructions for installing Irtemplate

What is FASHION PORTRAIT PRESETS FOR LR By Graphics, Presets, and Photos?

In the realm of photography and Adobe Lightroom, fashion portrait presets constitute a set of pre-defined configurations tailored to elevate the visual appeal of fashion-oriented portrait photography. These presets encompass adjustments for color grading, skin tones, contrast, and various other elements, providing photographers with a quick and efficient means to apply a distinct and polished style to their fashion portrait shots.
