The Kinfolk Photoshop Action Collection may be my absolute favorite set ever! I am so thrilled to let you know that this is a completely adjustable and modular collection, featuring an assortment of Creative or "Helper" actions, designed for you to personalize your workflow according to your personal imagination. I'll share my personal method of working (Serendipity is my personal favorite and the one I use the most in my projects!) along with nine other creative steps that allow you to control the creative flow. Additionally, there are 22 Helper actions that will help you breathe life into your work and produce an elegant, stunning edit. The actions are completely customizable and simple to use. However, I have also included a basic editing tutorial on how to make the most of the workflow you are using!

In the previews, you'll see that I have shared not just the before and after photos but also how I construct my edits with aid actions! You are welcome to use them to help you!

Additionally, I have my most-loved ACR presets that are quick and easy to use (I transformed them into a basic set of actions If you do not want to apply the filters for camera raw in Photoshop) These preset are "helper" Presets and can be used in conjunction with any other creative edits you've already made! They are an integral part of my workflow with clients! This is a great bonus for clients who purchase the actions now!

Kinfolk comes with a set with 32 Photoshop actions that are compatible for use with Photoshop CC exclusively. The Bonus Simple Set includes another 14 Photoshop Actions. If you decide to use the presets, you will also get 15 presets comprising three black and white presets!

These actions comprise:

22 "Helper actions"

Rich and Bold (great to add a bit in deep), Cerulean Blue Skies, Clear + Bright Eyes (my favorite for any portrait) Cool it down, Smooth Touch as well as delineate Clouds, Duplicate Image (for those who were a fan of this feature in my earlier images), Film Grain, Lights On, New Grass Tones, Paint Candy Color, Paint on Light, Quick Black and White, Quick Pop, Reign in Haze Smooth Noise Bright Tone, Texturizer, Tone Reds Skinny Skin, Vintage Reds.

Ten Creative Actions

Atlas, Buttercream, Clean and beautiful Atlas, Buttercream, Clean and Colorful Karma Lighthearted Moonstone, Serendipity, Sonder, Sunfaded, and Whisky.

the Simple Set actions are:

Enhance Yellow, Dirt, and Honey, Boost Yellow, Dirt and (this could also be used to create a unique action) and Enrich One (an essential part in my workflow) and the Enrich Two, Golden Warmth, Nightingale (another possible creative option), Simple Defog, Simple Pop, Squeaky Clean, and the Contrast effect, Quick Boost Very Subtle Creamy Warm Boost, the warm Color Shift.

It is also possible to use a lot of the basic sets as presets. They can be downloaded with the set.

And a fantastic editing tutorial that demonstrates the best ways to utilize these actions, as well as a few of my most-loved action tips from Photoshop (including tips for portraiture even though I did not use this technique on any of the previews to ensure their integrity. previews.)

Pro Tips:

Take one step at a time, and then flatten between. Be sure to tweak the opacities, and experiment with the adjustment layers

until you discover a combination that is suitable for your needs. To be honest, my top choices consist of Serendipity, Bold and Rich, Paint Candy Color, and Velvety Skin on all the things. The best results are when they are run over the backdrop layer.

A lot of Helper Actions come with masks, so you can apply the effect exactly in the area you'd like! It's super easy!

In essence, don't leave anything just as it is! Make sure you go through the video below to discover my most-loved tricks to edit with actions that will streamline your workflow!
