#### MotionVFX - mlooks2:

The 45 Final Cut Pro X Movie Looks pack offers 45 professional-grade presets for instant video grading by simply dragging and dropping them onto your footage.

Compatible with FCPX 10.0.4 and Motion 5.0.3 or later, it works on both Apple Silicon and Intel-based Macs running macOS 10.7.5 or later.

This powerful, affordable, and easy-to-use tool enhances your editing workflow, providing a diverse collection of presets to transform videos into visually stunning experiences.
