ExploXign – Energetic PS Action CM - 7090483:

The ExploXign - Energetic PS Action transforms photos into professional, explosion-themed energetic artworks with high detail and customization options.

Designed for photographers, graphic designers, and artists, each use of this action produces unique results, even on the same area.

Users have full layer control after processing, allowing them to remove, transform, scale, rotate, blur, or duplicate layers. Additional color options and customization features are included.

Compatible with Photoshop CS3 through CC2022+, the action comes with ATN, ABR, and PAT files.
