Sports Social Media Stories for After Effects (VH 54903733):

The Sports Social Media Stories template offers 9 animated vertical scenes designed to promote sports events, fitness products, trainers, or gym businesses. It features media placeholders, customizable text, and full-color controls, making it ideal for creating vibrant and engaging ads, workout presentations, and athlete promotions on social media platforms. Perfect for vlogs, blogs, and podcasts, the template helps showcase your brand in a modern, visually appealing way for effective marketing and storytelling. It includes a video tutorial, and font links, and requires no plugins, working seamlessly in After Effects 2021 and above.
