Aescripts SF Caddy v2.8.4 (WIN, MAC)

2025-02-10 17:08:28　　label 我要反馈　　下载页面

- SF-Caddy is a fast replacement instrument for Results. Super Useful for character animation and lip sync.
- SF-Caddy Is a tool that enables one-click replacement of things in After Effects.

- Super convenient for personality Cartoons and lip sync.
- Simply Choose the Product That you would like to substitute, then, click"LOAD ITEMS". Each click in a Thing from the panel will change the chosen item and put it in a keyframe on the timeline.
- Supports Mac and Windows.
- Quite Helpful for Character Lipsync
- Useful for whatever that Requires replacing

New Changes:

- Bugfix: It works now in After Effect 2021
- Bugfix: In languages other than English the tool now works perfectly
- New marker mode.
- Improvement in UI
- New button labels.
