The 250+ CSV-driven Infographics Pack is a comprehensive bundle featuring over 250 infographic elements, designed to facilitate rapid and effective data visualization.

How can users control values using CSV files, editable with Excel or Notepad?

They can use the "250+ CSV Driven Infographics Pack" to design their project.

This pack includes a variety of chart types such as Bar Charts, Line Graphs, Pie Charts, Box Plot Charts, Kagi/Candlestick Charts, and Trendlines. Users can easily control values using CSV files, editable with Excel or Notepad. Key features include full customization, expression-based control (no keyframes needed), adjustable animation duration, support for decimal numbers and symbols, and compatibility with After Effects CC 2020 and higher.

The pack is resizable, requires no plugins, and comes with a detailed tutorial and universalized expressions for use in any language version of After Effects. The project includes 40 vertical and horizontal bar charts, various round and area charts, specialized charts like waterfall and dumbbell charts, and over 150 icons. Support is available via the creator's profile page.

Package information

Last updated on September 22, 2022, and originally published on September 19, 2022, the "250+ CSV-driven Infographics Pack" is compatible with After Effects CC, includes After Effects project files, and offers a resizable resolution.
