"Magic Elements" is a complete collection of design and sound effects from organic components, characters, actions and items, spells, objects, and atmospherics from the world of Magic.

Vol. 1 in this enchanting story is a comprehensive study of 6 aspects:
Earth Ice, Air, Fire, Black as well as Generic.

Each element is equipped with various moves, spells, and actions like whoosh, impact, atmospheres, and projectiles. There are also various variations in speed and intensity.

Each of these sounds has been **carefully made, and edited, with meta-tags.**

The "**common**" category has a variety of useful neutral sound effects that are suitable for any kind of project.

This folder contains filled with **several useful files that span the entire range of sounds** that have been thoroughly altered and meta-tagged. They'll help you develop your creative ideas using materials like dissonant metal, choirs, paper, creatures drones, cracks, drone friction, textures, LFE sub-sweeteners...
