Macshooter Midi Stash V2: Bringing the heat, I decided to release a substantial MIDI kit around October 2022. Now, one year later, I've honed my craft even further, presenting an enhanced version: MIDI Stash V2. This kit boasts a total of 176 MIDI's, ranging from diverse melody MIDI's to dynamic trap drum bounce MIDI's (including 808s, Hi Hats, and Snares). To add an extra layer of creativity, I've included bonus one-shots for experimentation.

- 83 Melody MIDI's
- 32 808 MIDI's
- 40 Hi Hat MIDI's
- 21 Snare MIDI's

These MIDI's are compatible with any DAW, offering a seamless drag-and-drop experience. The creative direction is entirely yours. MIDI Stash V2 is 100% royalty-free, granting you the freedom to create without any restrictions.

Whether you use these MIDI's for an in-depth study of beat and sample-making or opt for a quick and efficient creative process, this kit is designed to elevate your musical endeavors.
