

Renegade Audio Bass Culture (WAV)

2025-02-10 16:42:32 [label](#) [我要反馈](#) [下载页面](#)

Renegade Audio Bass Culture (WAV): "Bass Culture" by Renegade Audio delves into the darker aspect of Dub and Reggae featuring rumbling drum grooves, wobbly-wide subs, and rhythmic reggae basslines that roll with glitchy fx textures as well as delays-mashed vocal hits, soaring swirling reverb skanks as well as feedback deranged horns and space-traveling synths, all accompanied by a massive amount of tribal drums.

It was created using a mix from live music, soft synths, analog outboard gear, and the best in-box plug-ins, 'Bass Culture' offers an extensive sonic range of meticulously crafted, highly user-friendly, and flexible loops and one-shots that can be in a range of musical genres ranging from classic Heavy Dub through the roots of Reggae, UK Steppers to deep Downtempo and Hip-Hop to Breakbeat and even the ability to spice up the sound of your EDM or House tracks.
