Golden Evenings Lightroom Prese Ladytoriphotograph: EARTHLY, RICH, GOLDEN TONES. WARM & NATURAL SKIN TONES.

What Is Included In This Lightroom Preset Package?

Is gold hour your favorite time to take? Or do you simply adore the golden hour appearance? Enhance your photographs with this gorgeous Lightroom Preset package that offers those organic, appealing gold tones, heat & comparison. Using a total of 28 presets, improve your sunset photographs or just employ one of the presets to produce a golden hour impact on a muddy day. This Lightroom Pack allows you to dull those down overly-empowering crimson, orange tones combined with three committed presets to correct those pesky greens and then turn them into lovely greens. Add extra heat in the temp slider if you would like more heat!

Prerequisites - LR 4, 5 , 7 - LR Classic & CC

because of the electronic nature of the product refunds aren't offered.

Notice: when this Lightroom Preset package is on special offer you'll require the DISCOUNT CODE to make the most of this purchase. To find the discount code only subscribe to this mailing list and be informed whenever that an offer is around. In addition, I do supplies for my readers only.

The Golden Evenings Lightroom Preset is ideal for the Golden Hour photography and also re-creates the appearance for overcast days!

Mini Toolkit - Grain, Grain II, Eliminate Grain

Presenting the one and only preset pack you could ever need for anyone needing beautiful warm, golden tones. All these Presets do everything from adding heat into an own cloudy, overcast day, to improving existing sunset colors, to dulling the gold tones, to repairing neon greens, as well as incorporating B&W. These lovely Lightroom Presets are in the making for decades, motivated by Golden Hour and eventually prepared to be utilized by photographers around the globe. They are sometimes utilized as a foundation preset or merely a straightforward preset. A few of the examples from the pictures previously have experienced slight exposure or temperature adjustments but those presets will always place the overall tone of your picture. Pick between warmer variations, vivid or milder. Contains 28 Presets including 3 lovely B&W Lightroom
