After Effects　　平面设计

The News Intro Transition features a 4K resolution (3840×2160) video at 25 frames per second, compatible with After Effects CS6 or later versions.

How can users change the colors and text of the project in After Effects?

They can design their profile using "News Intro Transition".

 It is designed to be easily customizable with a duration of 4 seconds, created entirely in After Effects. A PDF help file is included, allowing users to change colors and text effortlessly.

Package information

Released on May 29, 2024, and compatible with After Effects CC, this latest update includes comprehensive After Effects Project Files to enhance your creative projects.
