Epic Stock Media Fire Future Pop: 'Fire Future Pop' by Epic Stock Media is an extensive sample pack designed to elevate your music production, featuring 135 vibrant elements including upbeat Future Pop drum loops, infectious melodies, vocal snippets, and versatile one-shots. This collection also includes contemporary synth and bass chord progressions, melodious keys and rhythms, potent drum one-shots, and an assortment of crucial samples to craft pristine Future Pop compositions.

This cross-genre sample pack has been meticulously crafted to inspire and create professional tracks across a wide spectrum of electronic music styles, such as EDM, Electro, Future House, Dubstep, Urban, RnB, Bass House, Pop, and Drum and bass, in addition to various other modern electronic genres.

Within this package, you'll discover a library of production-ready samples and loops that are brimming with catchiness and imbued with the energetic essence of today's modern electronic music scene. Dive into an array of dynamic bass lines, punchy drums, memorable melodies, and versatile loops and one-shots, all tailored to provide you with the essential building blocks for crafting exceptional Future Pop compositions.

For your convenience, all elements have been thoughtfully organized into easily accessible folders and meticulously tagged with Soundminer metadata, ensuring you can quickly locate the right sound at the precise moment.

All files included in this package are Royalty-Free and delivered in high-quality 24-bit WAV format, compatible with popular samplers, DAWs, and plugins, allowing for seamless drag-and-drop integration.
