What is Carlo Galliani Tech House EFX1?

In music production, "EFX" usually stands for effects, which could include sound elements like sweeps, risers, impacts, and other atmospheric sounds commonly used in electronic music genres.

"Tech House EFX 1" by Carlo Galliani is a collection of sound effects and special samples designed for use in tech house music. The short duration of each track suggests that these are quick and impactful effects that can be seamlessly integrated into a DJ set or music production.

The variety in the tracklist, from alarms to modular sounds, disco glassy effects, and even urban city vibes, indicates a diverse range of atmospheric elements that could add depth and interest to tech house tracks. It seems like a well-curated set of tools for DJs and producers looking to enhance their soundscapes.
