

## Audiofier – Ekorain KONTAKT (WAV)

2025-02-10 17:07:28    [label 我要反馈](#)    [下载页面](#)

Ekorain is a distinctive ambient/cinematic tool that Creates delicate and beautiful embellishment we predict EKOS

Ekorain creates decorations and spurious notes which Match your melodies. The rate and incidence of those EKOS could be Controlled through CC so it may be seeming like a choir of mild raindrops Or even a flood of musical wonder.

### Particular Audio Production

In the Core of Ekorain, you will find two Sound Resources Layers That will conduct the created EKOS. The sounds have been imprisoned largely from Acoustic devices but also from analog/digital Synths that have already been Specifically chosen to be able to delightfully wed the more natural recordings.

### EKOS Behaviours

How the EKOS are created and performed may be completely Controlled by the consumer. The Exceptional speed controller through CC allows the consumer to Manipulate instantly that the quantity and rate of the created EKOS, Producing stunning and special consequences of"space and time musicality."

### Convolver and Side Effects

Ekorain Comprises the present Convolver with exceptional Impulse Responses which radically alter the features of the noise.

### Additional attributes

Ekorain Also Has a Pitch Envelope controller that may Influence each Eko in creative and different ways

Ekorain's scale supervisor (using 4 user-chosen scales Recallable via crucial switch) ensures all generated Ekos, while after the Intervals decided by the consumer, will not be out of essential.

### Pad Layer

Ekorain Also Has a third coating that Features pad types Of resources, that will complement the created Ekos in Specific music scenarios where thicker audio is demanded. Movement Maybe put on the Pad Layer by turning to the Pad Step Volume, which Includes Sequence presets and may likewise be randomized.

### Arpeggiator

Ekorain sports an arpeggiator that May Be Used in Conjunction with an Ekos effect. The arpeggiator comprises all of the usual Suspect, however, creates an amazing aura of audio as soon as the Ekos become Embellishment of the arpeggiated notes at reduced arpeggio prices.

### Midi Drag & Drop

All of Ekorain's created notes could be recorded and exported Through Midi Drag & Drop so you're able to use them with another Tool on another track.

### Audio

- 95 Sound Resources in 5 Groups:
- Organic, Physical Modeling, Granular, Analog Synth, Effected
