- 113 to 126 BPM
- 100% Royalty-Free

What is Ultra House Trumpets

"Ultra House Trumpets" likely refers to a specific sound or sample used in electronic music production, particularly within the house music genre. House music often incorporates various instruments and samples, including trumpets, to create catchy and energetic tracks.

"Ultra House Trumpets" could be a preset or sample pack designed for use with software synthesizers or music production software like Ableton Live, Logic Pro, or FL Studio. These packs typically contain trumpet sounds that can be manipulated and integrated into electronic music tracks to add a distinct and lively element.
