Responsive Titles and Backgrounds Pack VH-24709342: This amazing pack of responsive backgrounds and titles typography packs is a great value! Create captivating multimedia that grabs attention with this incredible value pack! This pack includes 90 pre-made backgrounds and titles that are of high quality. You will be able to make your videos, promotions, teasers, YouTube channels, etc, jump off the screen with this pack!

The background and titles are made in Ultra High Definition 4K resolution (UHD). They can be resized and kept at the best resolution possible, including portraits. Full responsive time, drag, and drop are all you need to set the time. You can also use the title directly on your footage.

FULLY RESPONSIVE DESIGN

These templates backgrounds and titles work like magic. They automatically reshape according to your project resolution. Also, to ensure you have the best experience, we added scale, position, and effects controller to allow you to set the elements or title exactly as you wish since some resolutions of the AE effects require few adjustments. All these features work on after effects and premiere pro.

ORGANIZED, LABELLED CONTROLLER IN PREMIERE ALSO AFTER EFFECTS

This pack was created with Adobe After Effects. It is compatible with Premiere Pro.

Video Tutorial

It's easy to install and customize elements using a voiceover tutorial. You can follow along at your own pace. Pause, rewind and go back until you're satisfied. Change colors, text, or adjust effects. To cover each element individually, videos are kept short and concise. Choose the topic you require assistance with and then relax as we guide you through each step using our voice-over tutorials.
