Neon Signature Logo (Videohive 24569181): That is a Neon established an extremely wonderful shine emblem. The cause of this endeavor is to permit your signature and trademark name prior to your emblem. It's possible to add your translucent variant of the touch and everything functions flawlessly.

There is a Controller added that permits you to command the neon and power color and volume of shine with only a few clicks. Additionally, there are other configurations which may be controlled.

The Undertaking Only requires video copilot saber and what else is rendered.

- Duration: 10secs
- Complete HD
- Free plugin Videocopilot Saber Required
- Pairing Music and audio FX from Mat Steiner.
